Deputation of Cheryl & Hank Al

My name is Cheryl Al along with my husband Hank we live on the 12th Side Road, Town of the Blue Mountains.

My reason for addressing council is in regards to winter parking along this road.

For several winter seasons we have experienced an exponential increase in vehicle parking from our lane way down to Mission Road which is an open road off of 12th Side Road and is approximately 470 feet from the top of our drive way to Mission Road.

As one can imagine the roadway width with snow banks has decreased to approximately 25 wide and with both sides of the road with parked cars and trucks it gives us only a small amount of room to drive thru. This has caused us great concern as the top of the road at any given time is very slippery and steep. We have found ourselves in situations where we cannot get out of our drive way due to cars parked randomly on each side. My request is to have no parking on both sides of the road down to Mission Road.

Thank you in advance,

Cheryl and Hank Al
