Subject: Request - Grants and Donations Program Additional Funding

To: Tracy Petrescu

Hi Tracy:

I hope all is well. I have left a voice message for you as well. We are wondering if it is at all possible to request an amendment to our letter under the Grants and Donations Program Additional Funding or you may be able to suggest an alternative solution? The TOBM provides snow ploughing services to our 54 King Street East location as part of In-Kind contribution. We are currently faced with no snow ploughing services for our Preschool at 23 Napier Street East for this coming season. We have requested quotes from local snow ploughing businesses and they are either extremely high in their quoting or they are not doing commercial ploughing just residential due to the high demand from the increased amount of residents. Therefore, we are left with a desperate situation.

The Preschool benefits the community at large and this has left us with a health and safety situation. We are hopeful that we may be able to either request additional funding or is there another avenue we could take?

Thanks Tracy for whatever you can suggest.

Thanks

Catherine

Subject: Fwd: Request - Grants and Donations Program Additional Funding

Hi Tracy:

Just to be clear, I am asking for the Town to provide the ploughing of 23 Napier Street East as part of In-Kind contribution. Sorry I somehow left that out of my email request.

Thanks

Catherine
