The Town of the Blue Mountains

Attn: Mayor and Council

Re: Lobbyist's Registry

The previous Council committed to implementing a registry as a priority and yet after four years failed to initiate. Why? Other municipalities have established such registries and it should be considered an immediate imperative to promote transparency. Staff do not have to reinvent the wheel and it should be rather a simple task to adopt. I also suggest the necessary protocols defining who, how, when and where these individuals or groups approach the Town be addressed.

Respectfully
