Letter of Support – Bayou Cable Park

Dear Mayor Matrosovs and Councilors,

I am writing on behalf of the Canada Snowboard Board of Directors and staff in support of the Bayou Cable Park. Canada Snowboard is the governing body in Canada for the sport of snowboarding. With the support from our members, the eleven (11) Provincial/ Territorial Snowboard Associations, we develop and lead competitive snowboarding in Canada.

Ontario athletes represent 1 out of 3 Canada Snowboard National Team members; thanks to the efforts and investments made by our Provincial Snowboard Association in Ontario over the last years, Canada Snowboard has been extremely competitive at the international stage.

Canada is the only “snow” nation without proper on-snow summer training facilities. That is why the Bayou Cable Park will provide new training opportunities for Ontario Snowboard and Canada Snowboard athletes that will directly benefit our future Snowboard Olympic Teams.

I would be pleased to discuss further as we truly believe this is a great opportunity.

Thank you

Roberto Montanes
Sport & System Development Director
