The Town of the Blue Mountains

Attn: Mayor and Council

Re: Corporate Structure Review

In listening to Council's Dec 12 discussions regarding the value of a landscape architect, I was surprised when staff eagerly offered to budget for a new position.

Assuming Council implements a corporate structure/staff review, this action is premature. I suggest a hiring freeze be implemented until such a time the review's recommendations can be fully assessed. This of course would not apply to current positions if deemed vital to daily operations.

Respectfully

R. Tipping
