

THORNBURY/BEAVER VALLEY LIONS CLUB

Marsh Street Centre, 187 Marsh St. Clarksburg, ON N0H 1J0 PO Box #450

Project #24-25-10 Lions Park redevelopment vision

For consideration by the Honourable Mayor and Councillors of the Town of Blue Mountains, Ontario:

Further to the Oct. 30/23 approved request for Budget considerations regarding the subject Lions Park redevelopment project, attached are plans depicting the current park profile and amenities layout, and, an artist's conception of the same park showing proposed additional amenities/features. (14, new additions).

The Lions club is looking to begin redevelopment activity on an item by item basis over the next few years. We have chosen to begin with item#4 – the Large Community Christmas tree feature.

The Lions Club is prepared to allocate some seed money to this project, and to begin fund raising to help with the total installation costs.

A budget must be struck with the Town staff assistance, if possible, and I would imagine permits etc. would be necessary.

May we proceed with this project?

If affirmative, who may we contact to begin the processes?

Please advise,

Best regards,

Lion Tom Kennedy – Treasurer, TBVLC
