1. Policy Statement

The Town of The Blue Mountains (the “Town”) is committed to fostering openness, ethical conduct, and accountability in all its endeavours to uphold public trust. To preserve this trust, employees must consistently uphold the highest standards of ethics, integrity, honesty, accountability, and professionalism as outlined in the Employee Code of Conduct Policy during the course of their duties.

2. Purpose

All Town employees are required to comply with the Employee Code of Conduct Policy (the “Code”) and be aware of the policies, procedures, laws, and regulations that affect their job. It is recognized that no set of guidelines can address every ethical situation. These guidelines are not intended to be exhaustive. They are intended to assist employees in matters of conduct, to avoid Conflicts of Interest, and to serve the public and colleagues in an acceptable and professional manner. Perceptions of others are critical to the reputation of the Town and individuals employed in public service. The best insurance against loss of public confidence is adherence to the highest standards of ethics and professional behaviour.

This Policy is consistent with the Town's values of **Excellence, Integrity, Accountability, Inclusivity, and Stewardship**. Incidents that occur by way of electronic communication (e.g. unwelcome phone calls, voice mail, texting, group chat messages, on e-mail or other social media, and the display of offensive materials on computers, smartphones, or other computing devices) will be considered to have occurred in the Workplace if directed to or from Employees and where such conduct may reasonably be expected to have an impact on work relationships, the work environment and/or performance.

5. Procedures

Principles and Values

The Town employs a dedicated, highly skilled workforce that has a solid foundation built on mutual respect. The Code is about the values, principles, and standards of behaviour that govern the actions of Town Employees. The Code sets the standard for a safe and respectful workplace, protects the collective reputation of the Town, and strengthens our commitment to make The Blue Mountains a connected, inclusive, and innovative place to work and live.

The Town's Values are Excellence, Integrity, Accountability, Inclusivity, and Stewardship, which Employees commit to:

Excellence: Providing conscientious service to our community and to each other.

Integrity: Being honest, consistent, and fair in all we do.

Accountability: Ensuring responsible and transparent governance.

Inclusivity: Respecting and engaging every voice.

Stewardship: Honouring the past, caring for the present, leading toward a sustainable future.

Employees' respect for each other, customers, and the public is ingrained in the Town's Values. Employees demonstrate the Town's Values in the way they build relationships and make decisions. The Code incorporates the Town's Values and guides Employees to live them in their day-to-day work.

'Living the Town's Values' means that Employees act without malice, judgment, or seeking personal benefit. It means having the courage for difficult conversations, putting trust in laws, legislation, policies, and procedures, having integrity, and standing up for what one believes in. It also means showing compassion in times of need.

Living the Town's Values can be challenging at times. It requires strength, knowledge, resilience, and perseverance. It is more than just being aware of the Town's Values or following the Code—Employees need to integrate them into operations and behaviours to ensure respect, legality, and compliance.

Employees should refer to the Town's Employee Code of Conduct Complaint and Investigation Procedure for further details.

6. Expected Behaviours

a) Tell the Truth

Work and relationships require trust. The Town, the community and colleagues rely on Employees to be honest and responsible. Employees will honour commitments—do what they say they will do—to build trust and sustain it.

b) Make Well-Informed Decisions

Employees must conduct themselves with integrity and compassion. Employees will place careful thought into actions and decisions, applying critical thinking, knowledge, and skill. Employees will apply their best efforts to carry out civic responsibilities and preserve the Town's collective reputation.

c) Uphold the Law

The Town's operations are subject to laws and regulations. The Town's policies and procedures comply with legal and regulatory obligations, with the intent and in the spirit of the laws that apply. This helps the Town preserve its reputation for acting responsibly and with integrity.

Breaking the law could result in civil, criminal, and regulatory penalties, including fines for the Town and the individual involved.

d) Respect other Professional Codes of Conduct

Some Employees may be accountable for upholding the principles of other professional codes of conduct (e.g., accountants, lawyers, engineers, planners, and human resources professionals).

Anyone in such a position is encouraged and supported to do so. If a situation arises that may cause conflict or confusion, speak to a Leader or Human Resources.

e) Comply with Policies and Procedures

All Employees are responsible for knowing, understanding, and following the Town's policies, directives, standard operating procedures, and guidelines. Employees will comply with a Leader's directive unless it is contrary to the Town's Values and policies, is against the law or may result in health or safety risks. Employees must always be aware of the policies and procedures specific to their business and work within the boundaries of what they have the authority to do.

7. Responsibilities for Leaders (Supervisors, Managers, Directors)

While all Employees are required to act in accordance with the Town's Values, Leaders have additional responsibilities under the Code. The Town expects those who lead or supervise others to demonstrate ethical leadership and set the right tone by:

- Modelling appropriate behaviours that are consistent with the Code and Town Values;
- Fostering a positive work environment in which only legal, ethical, responsible, and appropriate behaviours are acceptable;
- Promoting team awareness and understanding of the Town's Code, Values, policies, and procedures to ensure ongoing compliance;
- Identifying and mitigating ethical and compliance risks;
- Responding appropriately and in a timely way to colleagues who seek advice, raise concerns, and/or report misconduct in a manner that offers security and ease to do so;
- Managing conflict of interest situations to achieve fair and appropriate outcomes;
- Promptly escalating concerns and reports of actual or potential misconduct and following up to ensure they are addressed.

8. Speak Up, Raise Concerns, and Report Misconduct

a) Speaking Up and Raising Concerns

The Code and Town policies explain the ethical behaviours that the Town expects of Employees; however, they cannot anticipate every situation that Employees may encounter. The Town takes violations of the Code very seriously. Employees are encouraged to speak up and raise concerns to ensure that all Employees, the community, and the Town's reputation are protected. The Town will address all questions and concerns.

b) If Feeling Unsure

Sometimes, individuals know when something is wrong. Other times, it is hard to tell if an action does or will, break the Code, a Town policy, procedure, or law. Employees should use the Town's Values and the Code to inform best judgment, and when in doubt, seek clarification from a trusted Leader or Human Resources in times of uncertainty.

If there are doubts, an Employee should ask these questions:

- Is it legal?
- Does it comply with Town policies and procedures?
- Is it in line with the Town's Values?
- Would I be comfortable if my actions were made public?
- Would it be okay if everyone did it?

If the answer is “No” to any of these questions, stop what is happening.

If the answer is “Yes” to all of these questions, carry on and move forward.

If the answer is “I don’t know” to any of these questions, ask a Leader or Human Resources for help.

c) Reporting Misconduct

Every Employee has a duty to report actual or suspected misconduct, even one's own.

Employees must immediately notify a Leader and/or Human Resources of misconduct that includes violations of the Code, policies, and the law. If the complaint is regarding the CAO, it should be submitted to the Mayor or designate. If the complaint is regarding the Manager of HR, it should be submitted to the CAO. In addition, Employees have the option of utilizing the Town’s Whistleblower Policy to report misconduct.

- If an Employee is asked to commit (or believe that they have been witness to) a potentially illegal or unethical act, they must report it immediately.
- If an Employee becomes aware of a breach of the Code or any other situation that could place the Town at risk of loss or harm, they must report it immediately.
- Leaders shall take all appropriate steps to prevent and stop breaches of the Code that come to their attention.

The Town will investigate reports promptly and keep the details confidential, including, where appropriate, the identity of the person making the report. The Town will only disclose information to the extent necessary to investigate and address the situation or as legally required.

d) Investigations

Reports of concerns, violations or misconduct may be investigated to determine if there was a breach of the Code, Town policy or law governing conduct. Investigations will be thorough, fair and in accordance with the Town’s legal obligations. All Employees have a duty to cooperate with internal or external investigations concerning alleged misconduct and provide honest, accurate, complete, and timely information. The Town will make every effort to protect the confidentiality of the investigation and take all appropriate corrective actions in response to any infraction or transgression.

e) Commitment to Non-Retaliation

In the event that an employee becomes aware of a breach of the Code, or any illegal activity in the workplace, they have a responsibility to report that misconduct to their Leader, Human Resources, or the CAO or to utilize the provisions of the Whistleblower Policy. There will be no discipline, dismissal, or retaliation for speaking up and making a truthful report of actual or potential misconduct, for participating in an investigation, or for exercising legal rights. Retaliation can include behaviour or actions that punish or deter someone from

speaking up, such as negative performance evaluations, creating a hostile work environment, harassment, demotion, dismissal, or assigning tasks with the intent to isolate or discourage someone.

If an Employee encounters any form of retaliation, report it to a Leader or Human Resources immediately. The Town commits to investigate every claim of retaliation and to take disciplinary action if necessary.

If a report of a breach of the Code is made in bad faith, with the intent to harm the individual or the Town, the Employee may be subject to discipline, up to and including termination.

9. Protect Information and Interests

a) Protecting Confidential Information

The Town's information assets are public property. The Town trusts Employees to protect the organization's information resources so they can be used effectively to deliver public services. The public trusts Employees to protect privacy, ensuring personal information is collected, used, and disclosed with caution and care. Employees may not disclose or use confidential, privileged or personal information. Such information is only to be exchanged as necessary to perform one's duties and in accordance with the provisions of the *Municipal Freedom of Information and Protection of Privacy Act*, Town policies or other legislation. Employees must manage all information within their care ethically and responsibly.

- Confidential Information (which includes personal information) is information that is not public property, is not in the public domain, and/or would cause harm to individuals or to the Town if improperly disclosed. This includes information communicated in confidence.
- Personal information means any recorded information that would identify a specific individual (e.g., address, name, phone number, medical records, financial records, etc.). The Town uses the detailed definition of 'personal information' provided in section 2(1) of the [Municipal Freedom of Information and Protection of Privacy Act](#).
- The inappropriate disclosure of Confidential Information may result in financial and/or reputational harm and may constitute a privacy breach.
- Confidential Information, including personal information, should only be accessed and used by Employees when required for legitimate business purposes and only for the period required to achieve those business purposes.
- Every Employee has a responsibility to secure Confidential Information from the risk of theft, loss, misuse, or inappropriate disclosure.
- In the event of a privacy breach or improper disclosure, Employees must comply with the Town's privacy policies and directives.

- Employees must report a potential or actual breach to the Chief Administrative Officer or Human Resources or through the Whistleblower Policy and refrain from sharing details of the breach with anyone who does not have a business-related need to know.

b) Protecting Customer Information

The Town's customers are residents, business partners, and anyone who interacts with the Town. Customers share personal information with the Town and expect the Town to protect their privacy. Employees will only share information about customers with their consent, and even then, only for a legitimate business purpose.

Every privacy breach results in a loss of public trust. Employees will always take the proper precautions when collecting, using, and sharing information about the Town's customers.

Employees must always be mindful and take care not to be overheard, leave information visible, behind, or unsecured when working in public spaces.

c) Protecting the Town's Information

The Town's business information is a critical asset, and every Employee has an obligation to safeguard it. Employees must always use proper records management processes when creating, using, maintaining, and disposing of records.

d) Responding to the Media

The media is an effective way to enhance communication with the community; however, Employees must also manage media inquiries to ensure consistency and protect the Town's reputation. The Town's Communications & Economic Development division is responsible for the coordination of all communications with the media on behalf of the Town. Only those with the proper authority may communicate with the media on the Town's behalf. Refer all media inquiries to the Communications & Economic Development division.

e) Using Social Media Responsibly

Social media facilitates collaboration, sharing of information, and dynamic discussions. It provides opportunities to enhance outreach and inclusion to engage people. Employees should be mindful that comments made on social media are permanent and for public consumption.

- The Town expects Employees to realize that social media is not an appropriate avenue to express personal concerns about the Town, colleagues, or Town business.
- Refrain from sharing information on social media platforms that is not already available to the public or content that reflects poorly on colleagues or the Town.

- Consult with a Leader or Human Resources if you have concerns or need to report an issue. Refer to the Town's Social Media Policy for further guidance.

f) Official Use

To ensure that the Town's corporate social media use is appropriate and consistent with the Town's communication strategy, only media spokespeople have the authority to manage or participate in the Town's social media outreach activities.

g) Personal Use

Employees must share, comment, and repost Town news in ways that honour the Code and reflect the Town's Values and always consider the potential impact of personal posts on the Town, colleagues, and the community.

h) Acting Responsibly

The Town's reputation and business depends largely upon the behaviour of its Employees. Whether an Employee is "on or off the clock," their behaviour and actions may reflect on the Town. If Employees fail to exercise sound judgment and engage in unethical or dishonest conduct, it may reflect negatively on the Town. Employees must be mindful and responsible and act in a way that reflects positively on the Town and fosters public confidence.

10. Foster a Safe and Healthy Workplace

a) Valuing Everyone's Health and Safety at Work

The Town is committed to providing a physically and psychologically safe work environment through a culture of responsibility and accountability at all levels—Employees, Leaders, and Senior Leadership. All Employees share the responsibility to make health and safety a daily priority.

Each Employee must adhere to health and safety rules and practices that apply to their jobs, and for taking the necessary precautions to protect colleagues, the public, and themselves.

Employees foster an active health and safety culture by:

- Making responsible choices—not accepting or directing unnecessary or unsafe acts.
- Knowing and complying with applicable occupational health and safety laws and Town policies.
- Watching out for each other and helping others avoid unsafe conditions.
- Promptly reporting any unhealthy or unsafe conditions or behaviours.

b) Be Fit for Work

To ensure a safe workplace and prevent potentially dangerous situations, Employees perform work safely and at an acceptable standard, without limitations due to injury, illness, fatigue, or the use of (or aftereffects of) a substance or other condition (physically or mentally) that may impair performance. Employees must report to their jobs fit to work (and remain as such) while conducting Town business.

Employees will attend to job responsibilities free of any influence from alcohol, cannabis, or illegal drugs. Employees taking prescription or over-the-counter drugs with strong side effects should inform their Leaders that a medical accommodation may be necessary.

Illegal drugs or other controlled substances are not permitted and cannot be brought onto Town property or work sites.

Immediately report any abuse (or suspicion of abuse) of alcohol, cannabis, drugs, or an illegal substance to a Leader, Human Resources or by utilizing the provisions of the Whistleblower Policy. Employees should refer to the Town's Fit for Duty Policy for additional guidance.

c) Preventing Workplace Violence

The Town has a proactive approach to violence prevention in the workplace that clearly outlines the expectations of Employees (at all levels) when reporting and responding to violent incidents.

Employees are all responsible for maintaining a workplace free from violence and commit to supporting Employees who are victims of violence.

The Town has zero tolerance for violence in the workplace and expects everyone to act appropriately in all dealings with others.

Immediately report instances of violence or attempted violence to a Leader, Human Resources or by utilizing the provisions of the Whistleblower Policy. Employees should refer to the Town's Workplace Violence Policy for additional guidance and reporting procedures.

11. Treat People with Care

a) Maintaining a Respectful Workplace

All Employees have the right to work in an environment that is respectful and professional, and everyone is responsible for behaving in a way that contributes to a healthy and productive workplace.

- Employees will foster an atmosphere of congeniality and support. Employees will be honest, polite, and courteous when dealing with people, including the public, Elected Officials, and colleagues.

- The Town expects everyone to treat each other with mutual respect and dignity and to be conscientious of how others may perceive or misunderstand actions and comments.
- The Town has zero tolerance for harassment, sexual harassment, bullying, discrimination, disrespect, and inappropriate behaviour under any circumstance.
- Employees must immediately report any instances of harassment, bullying, disrespect, discrimination, or inappropriate behaviour to a Leader, Human Resources or by utilizing the provisions of the Whistleblower Policy.
- Employees should refer to the Town's Respectful Public Interactions and/or Frivolous, Vexatious, or Unreasonable Complaints policies for additional guidance on identifying situations that meet the criteria of inappropriate behaviour when interacting with the public and the associated actions that may be taken in such circumstances.

b) Strengthening Diversity, Equity, and Inclusion

Employees will conduct themselves at work with fairness and equity while fostering an inclusive culture that provides an accessible, safe, and respectful work environment that is free from harassment, discrimination, violence, or any unacceptable behaviour.

- Employees will accept, respect and value individual differences within the workplace and commit to equitable opportunities for advancement and growth.
- Employees will combat unconscious biases to increase innovation, productivity, and creativity. By recognizing and mitigating biases, Employees will enhance relationships, build community, and garner a greater appreciation for equity, diversity, and inclusion.

12. Conduct Business with Integrity

a) Preventing Fraud

The Town takes fraud—and the threat of fraud—very seriously and commits to deter, detect, report, and correct fraud. The Town expects everyone to act honestly, without bias, without favour, and without outside/Personal Interests conflicting with work decisions. Employees must recognize the signs and immediately report any unusual activity to a Leader, Human Resources, CAO or by utilizing the provisions of the Whistleblower Policy. There is no risk of reprimand, penalty, or discipline for reporting suspicious behaviour or fraud in good faith or participating in a fraud investigation.

b) Avoiding Conflicts of Interest

A "Conflict" or "Conflict of Interest" is anything that interferes (or might be perceived to interfere) with an Employee's or the Town's ability to act impartially or in the best interests of the public.

Employees have a duty to set aside Personal Interests and views to focus on what is best for the Town and the public. For that reason, Employees are obligated to disclose any Real or Apparent Conflicts of Interest as defined in the Code. A Conflict of Interest occurs when Employee conduct involves or appears to involve, a conflict between public duties and Personal Interests. The Town expects Employees to immediately disclose Conflicts and manage them appropriately.

- The Town expects that Employees act objectively and discern obligations for their personal business, family, and social relationships, from their roles at work for the Town.
- Employees will declare a Conflict of Interest to their Leader when it exists and appropriately remove themselves from those situations.

Private Interests

Employees have interests outside of the Town (e.g. additional work, volunteer activities, etc.). An Employee's Private Interests must remain separate and distinct from job obligations. Employees must never use their positions with the Town to influence or further their Private Interests or those of friends, family, or anyone with whom they have a close personal relationship or business association. Employees will disclose any outside activities that present a Conflict or potential Conflict of Interest to their Leader.

Personal Relationships

Employees must excuse themselves from work situations and decision-making that may involve friends, Immediate Relatives, or anyone with whom they have a close personal relationship or business association. Employees will never use their positions with the Town to seek personal benefit or further the interests of those with whom they have personal relationships or business associations. Employees will disclose any relationships that present a conflict or potential Conflict of Interest to their Leader.

Political Activity and Support

If someone chooses to participate in political activity, it is a personal choice and it is not as a representative or on behalf of the Town.

- Employees must never use their affiliation with the Town to market or advance their personal political activities and must ensure that personal activities and political associations will not influence, affect, or compromise the obligations of their job with the Town.
- Employees will be politically neutral in their work for the Town and be sensitive to maintaining a civic service that is non-partisan.

- The promotion of other causes and issues—including charitable initiatives—requires approval by the proper authority.
- Employees will disclose any political activity or affiliations that present a Conflict of Interest.

c) Professionalism

Employees are ambassadors of the Town and are expected to reflect a professional image at all times. Depending on the nature of an Employee's work, certain attire may not be appropriate. Employees are required to be mindful of their attire and dress professionally for their job. Employees should refer to the Town's Dress Code Guideline for additional information.

Employees must be professional, courteous, and objective in all interactions with the public, clients, contractors, suppliers, co-workers, colleagues, etc. Every Employee should be aware of the Town's public responsibilities and their role in fulfilling them, requiring them to maintain the utmost ethical conduct and integrity.

d) Managing Gifts and Entertainment

In business, it is common to foster relationships through the exchange of courtesies such as meals, gifts, and entertainment. Gifting may also relate to customary protocol, social obligation, and etiquette. Regardless of the circumstance, the gifts and entertainment Employees accept must not have the intent or design to influence their business decisions or judgement on behalf of the Town. Similarly, Employees must never give gifts with the intent of influencing a business decision or outcome.

Gifts, Benefits and Solicitation

The public's perception of the integrity of the Town and its Employees is of great importance. Employees are expected to make decisions on behalf of the Town based on the impartial and objective assessment of information, free from any influence of gifts. For the purposes of this provision, any gift provided to an Employee, an Employee's child, or spouse/partner, with the Employee's knowledge, shall be deemed to be a gift accepted by that Employee.

Employees may only accept gifts as provided below:

- a) Gifts that are received as an incident of protocol or social obligation that normally and reasonably accompany the responsibilities of employment (value can be no greater than \$50.00, including tax).
- b) Token gifts such as souvenirs, mementoes, and commemorative gifts that are given in recognition of service on a committee, for speaking at an event, or for representing the Town at an event (value can be no greater than \$50.00, including tax).

- c) Gifts of admission to charity fundraisers, banquets, receptions, ceremonies, cultural events, sporting events, galas, political events, and similar events, if the Employee's attendance serves a legitimate municipal purpose and if attendance at such events is approved in advance by the Employee's Leader (value can be no greater than \$50.00, including tax).
- d) Exception: there is no limit or approval required for gifts that are offered to Employees as part of admission to a conference that is offered to all attendees.

Employees may not accept reoccurring gifts from the same source over a total annual value of \$100.00 (based on a calendar year). For clarity, Employees cannot accept more than two (2) gifts per calendar year from one source if said gifts are valued at \$50.00 each.

In the event an employee is offered a gift that has a legitimate business purpose, valued greater than \$50.00 (or the calendar year total of \$100.00 for reoccurrence), the Employee may request approval from their Director or the CAO to accept said gift(s). The request for approval must be provided in writing (with a copy to the Manager and/or Director) and will be considered on a case-by-case manner by the Director / CAO.

Managers / Directors may request a division/department or individual Employee blanket approval, in writing and in place for a set period of time, for divisions/departments or Employees who are involved in legitimate business activities that require heightened business activities that could result in an increase in gifts as defined in a) – c) above.

Consideration of approval will be based on the overall value of the gift(s), or projected value, and the best interests of the Town and the community served. Employees cannot accept said gift(s) until written approval from the CAO is received.

In the event the CAO is offered a gift that has a legitimate municipal and/or business purpose valued greater than \$50.00 (or the calendar year total of \$100.00 for reoccurrence), the CAO may request approval from the Mayor or Designate to accept said gift(s).

The CAO may also request blanket approval, in writing and in place, for a set period of time when involved in legitimate municipal and/or business activities that require heightened business activities that could result in an increase in gifts as defined in a) – c) above.

The CAO may sanction an event (ex. Warden's Gala, where the Town sponsored the event) for multiple Employees' attendance if the event serves a legitimate municipal and/or business purpose. This sanction must be provided in writing.

No Employee may accept a gift from any person or organization engaged in a tendering process. Employees must also consider the activities that are taking place prior to accepting a gift. This includes but is not limited to, considering if the provision of a gift is part of an organized effort to influence, manipulate, persuade, induce, sway or affect an Employee in

their ability to recommend the passing of a by-law, develop a policy or procedure, determine expenditures or appropriates or award contracts. In the event that an Employee is offered a gift and feels it may fall into said category, the Employee must report the matter to their Leader immediately.

In all circumstances, Employees shall complete a "*Disclosure of Gift or Benefit*" form when a gift valued greater than \$50 including tax is received. The Employee's Leader will review the form and discuss it with the Employee if necessary. Employees should be aware that they may be required to return gifts or benefits. Therefore, until they receive approval from their Leader, they should avoid spending or otherwise using the gift in any manner that would affect their ability to return it.

Human Resources is responsible for tracking and monitoring gifts received corporately.

13. Safeguard Town Assets

a) Using Town Property Responsibly

The items used at the Town, or created for the Town, belong to the Town. Employees must ensure that the Town's Property—physical, intellectual, and technological—is used properly and reflects a balance between the obligations to the Town and Employees.

- Employees are responsible for protecting and securing any Town Property from theft, fraud, harm, loss, and misuse, especially those in an Employee's custody or control and are their responsibility.
- In general, Employees should not use Town Property, technology, or other resources for activities other than the business of the Town.
- Where personal use of Town Property occurs, it must never result in direct expenses being paid for by the Town or impede conducting business on behalf of the Town.
- Employees must never use Town Property for illegal activity or for any purpose that might be considered offensive.

b) Managing Expenses Responsibly

As stewards of Town resources, Employees must manage the assets in their care responsibly and ethically to earn and maintain the public's trust. Employees are accountable to the public to ensure that public money, property and resources are used with high regard for efficiency and effectiveness.

- Employees are required to comply with the requirements set out in the Town's expense policies, including claiming only reasonable expenses incurred for Town business.

- Employees are accountable for following authorization limits when authorizing expense commitments, transactions, or Employee claims for reimbursement.
- Employees must not use a corporate purchasing card for any purpose other than for proper Town business expenses and must manage the card in accordance with applicable policies and procedures.

c) Managing Risk

Employees may encounter situations where they are expected to act or make difficult decisions under uncertain circumstances. To challenge this, Employees will continuously strive to innovate and develop solutions to identify and mitigate risk more effectively—that is, limiting the impact of risk so that if it does occur, the problem it creates is smaller and easier to fix.

- To help minimize actual risks—Employees are responsible for identifying, assessing, and presenting potential risks to Leaders for recommended actions.
- Employees will endeavour to make risk management part of the day-to-day management of their Town duties.

d) Managing Environmental Protection, Risks, and Long-Term Sustainability

Employees are responsible for a wide variety of Town operations and assets, all of which have roles to play in the Town's environmental health and safety regulatory obligations and long-term sustainability goals. Climate change and environmental degradation may pose risks to service continuity, Employee well-being, and/or the integrity of facilities and assets, including buildings, parks, and trails. The Town also has an ethical responsibility to minimize negative impacts and find opportunities within the scope of the Town's operations to improve the natural environment and social well-being of Employees and community members.

- Employees are encouraged to make operational, purchasing, and long-term planning decisions that result in improvements to the Town's environmental impacts or carbon footprint and/or enhance community or Employee well-being (such as by aligning with the Diversity, Equity, and Inclusion principles outlined in Section 6 b) of the Code).
- Employees are encouraged to proactively identify potential environmental or social impacts caused by or affecting Town operations, to innovate and find solutions to these impacts, and to request additional support to mitigate these impacts from senior management if necessary tools, plans, or policies are not already available.
