Hello Debbie,

Thanks for your query to clarify our dates. I will attempt to make this easier to visualise.

The dates approved by council in the attached Council Resolution I have now copied into the email immediately below.

Since these dates for 2025 were approved back last March 11th 2024, we have two couples requesting two different dates, both Fridays, both adjacent to the two Saturdays that were approved highlighted in red below.

We were hoping that we could rollover the Saturdays to the Fridays? Otherwise can you advise us please if we need to re-request two additional new dates for both Fridays which are shown further below and attached.

In addition to the two Fridays we have requested five new additional dates for 2025 further below and also attached, I highlighted those in red.

I hope this makes sense. We look forward to your feedback and recommendations.

Thank you very much.

Robert
