12 May 2025

Ask: Have TBM build a sidewalk along Victoria St S
(Between Alfred St and Napier St, Thornbury)

Why: Provide a safe place for pedestrians to walk

1. Victoria St S has significant foot traffic.

Adjacent to:

       - Applejack Community 126 townhouse units,

       - Thorncroft Court 9 homes

       - Pyatt Court (not including Pyatt Ave) 7 homes,

       - Ashbury Court 11 homes,

       - Boynton 19 units being added

TOTAL 172

Why: Provide a safe place for pedestrians to walk

2. Victoria St S is on the way to the arena and the park.

Support

I have started a petition in support of this idea.

As of 28 Apr 2025, the petition has **170 signatures.**

(Will present updated numbers at the meeting)

Support

If you live in this area please sign this petition. It is increasingly becoming unsafe walking down Victoria Street due to increased volume of traffic. In the winter the street is narrow due to snow from road ploughing and pedestrians are forced to walk on the side of the road ....almost in the ditch. It is just a matter of time before someone is injured or killed.

Well done Calvin ! It isn't logical to have a community centre and a play ground and skate park , baseball diamond on a road that doesn't have sidewalks for the kids .

I use this route heavily in the summer with 5 kids.
My eyes are always scanning.
Would give me some relief!

So What?

I ask the council to consider my request that TBM

build a sidewalk on Victoria St S

To provide proper and responsible infrastructure for a fast growing area of our town.

Thank you
