**RE: Heritage Designation for a TBM/Tree Trust Legacy Tree**

Dear Mayor and Councilors,

The Blue Mountains Historical Society wholeheartedly supports TBM Tree Trust's request to designate their legacy tree under the Ontario Heritage Act. This mature specimen deserves formal recognition and protection as a living landmark of our region's heritage.

BMHS's mission is "to identify, promote, and assist in the preservation of unique cultural, historical, natural, and manmade features within The Town of The Blue Mountains." This tree stands both as a living historical landmark and an educational resource. Its designation aligns with our values of conservation and community engagement by preserving a link to our region's past while offering a focal point for heritage programming.

We encourage Council to support TBM Tree Trust's deputation and move forward with the heritage designation process.

Sincerely,

Angela Marritt,  
Secretary, Director,  
Blue Mountains Historical Society
