

To Mayor and Council,

October 3, 2025

Town of the Blue Mountains,

Greetings,

Following up to our request of August 19, 2025, I am writing on behalf of the Youth Climate Action Conference 2025 Organizing Team to support students and teachers participating in the conference on October 28<sup>th</sup> 2025. We have requested funds to cover training and facilitation costs and other conference expenses, suggesting a contribution of \$500.

Council had asked in a resolution at the September 9<sup>th</sup> Council Meeting, for confirmation that students and teachers from Beaver Valley Community School will be attending and we have received registration as of this week, so they will definitely be joining us at the conference.

We have an exciting program of workshops and activities for both teachers and students and each school team will develop an action project that we will support them to achieve over the school year.

We appreciate your support and especially, thank you for supporting local youth to collaborate as we all work towards a positive future for us all!

Yours respectfully,

Jenny Carver

On behalf of the YCAC 4.0 Organizing Team
