This matter will come forward at Monday's Public Meeting, Feb. 8, 2021, under "J-Notice-of-Public-Meeting-Delegated-Authorities.pdf <<https://pub-bluemountains.escribemeetings.com/FileStream.ashx?DocumentId=1942>>".

Please confirm that you have received the message, below, by return e-mail, and that you will read the message at the Public Meeting at an appropriate time, on my behalf.

MESSAGE:

"As you know, the Municipality and its Council have certain legislative Authorities and Responsibilities as creations of the Province under the Municipal Act, Planning Act and other Provincial legislation and guidelines such as the Provincial Policy statement.

The Municipality creates Municipal legislation (and remedies for infractions) and records the enacted legislation in the Town's Official Plan and By-Laws. This legislation must be in keeping with, and may be more specific than, Provincial and County legislation.

When the source of the "Authority" Council possesses is not formally referenced, the scope of the "Delegated Authority" is also unclear. Clarity in these matters is of utmost importance to all of us.

Please ask that the Office of the CAO formally reference the legislative documents that grant Council it's Authorities as an integral part of FAF.20.188 and of the "Delegated Authority List", as revised, in Attachment 3 of FAF.20.188."

Sincerely,

Lucy Richmond
