Subject: RE: Request for 4 Way Stop @ Napier & Victoria

Hello Everyone

We have collected our traffic data. We placed the counters during the first week of May.

The traffic counts were just under 200 cars per day along Napier Street. These could be low due to the current Provincial regulations.

From the Data we were able to pull out the traffic speeds. The software breaks then out in 10 km/ hr blocks.... For ease we have grouped the 1 to 40 km / hr data all together.

Based on this date we have shown the 93% of the traffic is traveling within the speed limit. See the attach Pie Chart. This meets our expectations. We expect that 85% of the traffic will be in compliance with the traffic speeds. We can ask OPP to have a present in the area but this will not likely have any result on the rate of speed for cars along Napier street.

Regards,

Jim McCannell

Manager of Roads and Drainage, Operations Department

Town of The Blue Mountains, 32 Mill Street, P.O. Box 310, Thornbury, ON N0H 2P0
