Re: Committee of the Whole Deferral of Agenda Item B 14.4, Staff Report PDS 21.111 Assumption of Bannerman (Schoolhouse Court Subdivision)

The agenda item above was deferred from the meeting on October 19 to the meeting of October 26. My house is currently on the market and the fact that Town Council has not yet endorsed the recommendations from the Planning and Development Services – Development Engineering has prevented my house from selling since April. This has been an outstanding issue for me and my neighbours since we purchased our homes over four years ago. We also presented our recommendations concerning this matter to Town Council in the summer of 2019. In December 2019, Town staff acknowledged that they had determined an alternate location for the trail in question.

I respectfully ask that this be tabled and approved at The Special Committee of the Whole October 26, 2021. (Agenda item B.4.4). Furthermore, I request Town Council to pass this motion at their meeting on November 1, 2021.

This is of utmost urgency for me to sell my home.

Thank you.

Catherine Egan
